The men who are objecting to Elder Barkley because he is a silver man would swallow the whole lot to 1 business if they lived in California, where it is the Republican platform. But what consistency is there in supporting young Lawyer D'Arcy who is on a free coinage platform? It must be that they do not consider that he is sincere about it.

The sound money bankers life insurance agent of Hingham who came near joining the Populists when he was beaten in the Republican convention for county judge, is singing campaign songs against the Republican nominees.

Sheriff John Knight denies the report of our correspondent "Countryman," that he is not supporting the whole ticket. He says he is supporting the whole ticket and especially the men he was charged with fighting.

The Prohibition party and the federated Labor Union have unanimously declared for the cause of bimetalism.

It looks as though both the goldites and A. P. A. would bolt McKinley.

## IDEAL POLITICS.

The Bible sayeth, the love of money is the root of all evil. So selfishness is the curse of politics. It is easy to say, we should approach the public service, the common good, unselfishly. To do it is another thing.

But not all can pursue politics for what there is in it. Some one must perform civic duty from pure and patriotic motives. If it is only the voters, the masses of them must vote from a sense of duty and not because they are paid to go to the polls.

The JOURNAL has constantly labored for better politics. It has not labored so much for persons and personal advantages as it has for better conditions. It has at times fought hard against persons who represented abuses and utterly selfish interests.

The JOURNAL has constantly labored for better politics. It has not labored so much for persons and personal advantages as it has for better conditions. It has at times fought hard against persons who represented abuses and utterly selfish interests. The JOURNAL does not fight any man in politics as an individual, but what he stands for.

The representative principle is always sought to be overthrown by private selfishness and special interests. This is the objection to giving official patronage and political power to men who abuse it. It is only by retiring individuals who betray the trust reposed in them by the people that the way can be cleared for better men.

In all the fight against Mr. Dolph in the last legislature THE JOURNAL had no candidate to press for the place. The people no longer were represented by Mr. Dolph. The people as it appeared no longer wanted Mr. Dolph. It was not a personal matter. It was a public duty to defeat his reelection. It was not a pleasant duty.

As THE JOURNAL understands the temper and wishes of the people of this state, especially the majority of the Republicans, it is desired that Hon. John H. Mitchell be returned to his seat in the United States senate. It is the desire of politicians to beat Mr. Mitchell. In such a fight THE JOURNAL is with the people.

## FLAG ON BARKLEY.

E. H. Flagg, Democratic candidate for state senator of two years ago, attacks Elder Barkley's record in the legislature in a column article in the Oregonian. Mr. Flagg is an able man in some respects. But it is not in the direction of reform work in our state legislature or county government. He was handled without gloves in the campaign of two years ago by the Elder and done to the queen's taste. This may account for his helping the Oregonian now in its campaign against Barkley.

Elder Barkley was hampered on the committee on Education. The old state school ring built up under McElroy found they could not control Barkley's committee, so they had it increased on motion of Frank Paxton and it passed out of Mr. Barkley's control. The people of Oregon must for years to come pay the penalty of Mr. McElroy's activities, a man who cost them hundreds of thousands of dollars.

Mr. Barkley's record in the legislature will compare favorably with any man who went there and he will fully meet his critics if given an opportunity on the county canvass.

Republicans, remember! If Congressman Hermann had been renominated in this district, the Oregonian would have run a "sound money" man against him. It don't like Tom Tongue much better.

Who says "whiskers" Peffer has no influence? Hasn't he forced a bond investigation resolution upon the senate of the United States.

## MEN of all AGES

Quickly, Thoroughly, Forever Cured. Four out of five who suffer from nervousness, mental worry, attacks of "the blues," are benefited by the use of ERIE MEDICAL CO., Buffalo, N. Y.

## GENERAL WEAVER.

General Weaver who recently spoke at Salem speaks at Aumsville, Tuesday May 12. He is canvassing for the Populists and will make about twenty speeches. General Weaver has been in Oregon a number of times. He draws large houses and will have a big crowd at Aumsville.

He was a candidate for governor in Iowa before the Republican state convention and was defeated by a few votes. Since then he has belonged to the opposition. He has been in congress several times and is considered one of the ablest men in American politics. Take the ten ablest Republicans, ten Democrats and ten Populists, and Weaver would be one of the ten greatest American politicians.

Lionel Stagge, a young Englishman, who served a term in Oregon, was then made receiver of a busted Portland bank, has disappeared from Denver with a lot of funds from mining brokers.

In Iowa the silver men are beating the goldites two to one in the county conventions.

## POLK COUNTY POLITICS.

Defense of B. F. Mulkey for Senator-Hatch's Platform.  
LINCOLN, Or., May 8, 1896.

EDITOR JOURNAL—I have seen from time to time correspondence in THE JOURNAL referring to the Republican ticket of Polk county and finding a great deal of fault with B. F. Mulkey the nominee for state senator. This is I think uncalled for and the slurs and charges untrue. I am a staunch Republican as there is in Polk county. I am an admirer of John H. Mitchell, and as much of a bimetallist as is consistent with a sound commercial coinage. I have known B. F. Mulkey for eight years. He is well liked in Polk county. He was a good popular and successful teacher at Bethel for a number of years and has filled the office of county clerk at Dallas now for nearly four years with honor to himself, credit to the county and satisfaction to the people regardless of party. During the great struggle over the senatorial question over two years ago he was in favor of J. N. Dolph as he was the caucus nominee and the strongest man and so expressed himself. But it has been understood by most of the Republicans that he was in favor of J. H. Mitchell or some good bimetallist ever since he was spoken of as a probable candidate.

Some three months since I asked Mulkey which side he was on, Dolph or Mitchell? He said he was an admirer of J. H. Mitchell and was on the side of the common people, and was one of them. Yesterday I met him in Dallas and asked him if he was going to support Dolph. He said he was a Mitchell man; that he sought the nomination with that understanding and that he would make the canvass on this ground.

I don't know of a more popular man in Polk county, not one that is a more consistent Republican, and one nearer the common people or possessed with more ability than B. F. Mulkey; the worst charge that I know against him is his youth and laudable ambition.

The ticket as a whole is a good one. There are some men on it that better ones could and should have been put in their places. There are a few soreheads and continual growlers, I suppose, in most every precinct. But when it comes to finding fault with and trying to down Mulkey, I don't think Republicans know what they are talking about. Mulkey told me he had a letter of congratulation over his getting the nomination from J. H. Mitchell, and if any one was doubtful as to whether he was in favor of the return of Mitchell, as United States senator, to tell them to write to J. H. Mitchell, and find out.

I am one who wishes the ticket elected. Personally, I prefer Hermann for United States senator. Hoping that this may correct what I think is a wrong impression, concerning Mulkey.

F. G. McLENN.

HON. E. T. HATCH'S PLATFORM. Many inquires having come to me regarding what my actions will be on matters of economy in case of my election to the legislature I beg the use of your columns and answer all at once, and in a public way.

I believe that official emolument should be put upon an economical basis. The expenses of state institutions should be reduced proportionately with general business of the state. No new work should be undertaken except where absolutely necessary. Very few special committees should be appointed and their clerk hire to be limited.

A large reduction in the number and pay of legislative clerks.

Discontinue the distribution of supreme court reports to members of the legislature.

Abolish office of attorney general at expiration of the present term.  
Abolish state board of Agriculture, Eastern and Southern Oregon fairs.  
Abolish the office of fish protector. When in the legislature in 1891, I voted repeatedly for the repeal of the railroad commissioners. I am still of the same mind.

The food commissioner, domestic animal commission, and state board of horticulture should all be dispensed with as well as state weather service and I endorse the state platform "that no money should be appropriated to any institution not under the control of the state."

To all these measures I expect to give my influence and vote if elected.

Respectfully,  
E. T. HATCH.

CAPT. MILLER REPLIES.

To the Card of Walter Toose of Woodburn.

EDITOR JOURNAL—"When fools run into print" and etc., is the substance of an old saw, and may properly be applied in this case, i. e. to Mr. Toose's note in yesterday's JOURNAL. The statement made, in substance by Mr. Toose is false. Mr. Tongue "did not stand five minutes alone in the center of the hall," nor did he stand one minute alone, as he was accompanied by Mr. Corby from the hotel to the hall, and this Mr. Toose knew, as he asked me in front of our office, before our going to the hall if "any person had gone down for Mr. Tongue," when he received the above information.

When Mr. Tongue entered the hall Toose was in front of him, Mr. Corby and others were in the rear. Here Mr. Tongue stopped, and was chatting. We were in front of the audience and noticed every movement of the speaker and his company, but, as Mr. Toose advanced toward the stairs of the platform he stepped on his way inviting other persons to a seat on the platform. Mr. Tongue and another gentleman passed up the steps and just as Mr. Toose started up we stepped up to him, touching his shoulder and informed him of what he certainly must have been aware, that "I had been authorized to call this meeting to order and that I intended to do it," he remarked "all right," pleading ignorance, and returned to the southwest corner of the hall, when he explained to those surrounding him that he did not know that any one was in charge of the meeting, or words to that effect. If Toose had not spoken of the matter we would not have referred to it, and as far as our boasting of it, we only did to his man Friday, who lays around to "catch talk" to report it.

"As mayor of Woodburn," great-gods, to assume the fatherhood of a political meeting, we would recommend to his honor to assume the protection of the morals and honor of our city and let politicians go, it would be of more credit to him than to attempt to over ride those who are put in temporary power at a Republican meeting. As to ever boasting of anything done it is false and Mr. Toose knows it, the citizens of Woodburn have done the talking with the exception stated.

Mr. Toose says in closing that, "we are still sawing wood," this our people believe and would believe if the sawing would become a reality it would be "beneficial" for the mayor of Woodburn.

that when you ask for a ticket via the Burlington you get a ticket via the Burlington. No matter what your objective point is, you can reach it via our line—EASILY, QUICKLY, COMFORTABLY, CHEAPLY. Two routes to the East and South—via Billings, Mont., and via St. Paul.

To Omaha, Kansas City and St. Louis, the route via Billings, being over 200 miles shorter and many hours faster than any other, is preferable. To Chicago and points beyond take the Burlington from Billings or St. Paul as you wish.
